

Ninth Annual International
**Microelectronics
Olympiad of Armenia**

Rising to the Challenges of Design and Test

www.microolymp.am

Who: Students under the age of 30 active in the field of microelectronics

When: May 13th, 2014 at 11:00am

Where: Tallinn University of Technology,
Akadeemia tee 15a, Room ICT-507AB

Test topics include:

- ▶ Digital IC Design and Testing
- ▶ Analog and Mixed Signal IC Design and Testing
- ▶ Semiconductor Devices and Technology
- ▶ Mathematical and Algorithmic Issues of EDA

Hosted By

TTÜ

To participate, please RSVP to university@synopsys.com by May 9th.
Walk-ins welcome as space allows.
